## LEARN & GROW

# EDUCATE, LEARN & GROW

“Read,  
(O Prophet,)  
in the Name  
of your Lord  
Who created”  
(Qur’an, 96:1)

**Across the globe, a staggering 250 million children are lacking in basic literacy skills.**

Every child deserves a quality education. It's the key to a brighter future, offering the chance to learn critical skills, grow in self-confidence and escape the brutal cycle of poverty.

What's more, not only does accessing education help each and every child build their own futures, but it also impacts on

generation after generation within even a single family, even bringing blessings to the wider community.

At Islamic Relief, we believe in the need to educate, learn and grow – helping each child to gain a critical education, learn much-needed skills and grow a bright and happy future insha'Allah.

# £37

can provide  
a child with  
education for a  
month through  
a mobile School  
in Jordan

# MOBILE SCHOOLS

Mobile schools work in remote areas and informal settlements like tents, for children that usually face difficulties in reaching schools. These schools reach the most vulnerable children and have proven to be successful in improving the education of communities in need.

# NEW SCHOOL CONSTRUCTION

**£73**  
can provide a  
child with a space  
in a new school  
in Bangladesh

Building a school allows children to resume their learning process in a quality manner, providing them with a chance to learn in a safe and dignified environment. Having a safe learning space will allow them to acquire better academic achievements for their future.

Long-term schooling allows teachers, students and parents to feel a sense of stability and safety despite living in difficult circumstances.

# IMPROVING EXISTING SCHOOLS

Improving existing classrooms and hygiene facilities ensures that there are safe and healthy environments for learning and thus reduce the rate of student drop-outs. Another effective method to motivate students to attend is by improving sport activities in all-weather condition.

A better learning environment for students translates to the development of better skills and health for them.

**£28**  
can help keep  
a child warm  
in a school  
in Tunisia

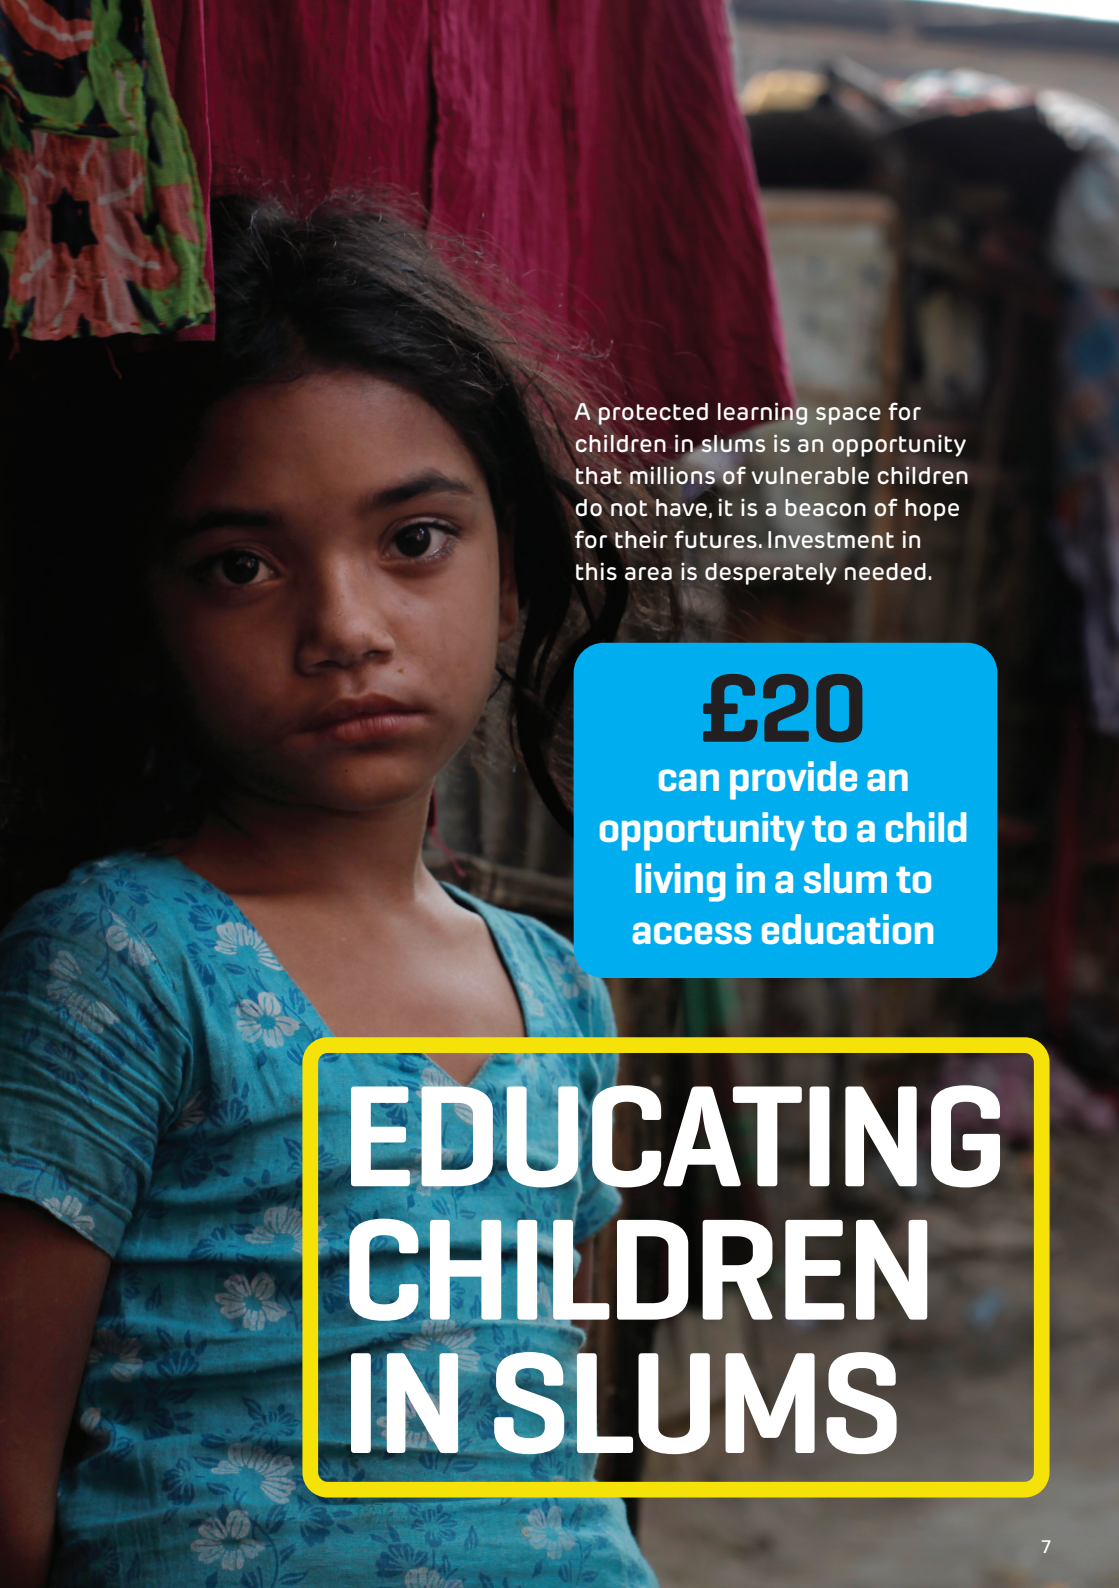

# EDUCATION SUPPORT FOR CHILDREN WITH SPECIAL NEEDS

Providing educational opportunities for children with disabilities is deemed a luxury in some parts of the world. Millions of children miss out on an education because there are no appropriate facilities in place for children with special needs.

We want children with special needs to access schooling and further education so they can take part in their communities.

**£125**  
can support  
the education  
of a child with  
special needs  
in Gaza

A protected learning space for children in slums is an opportunity that millions of vulnerable children do not have, it is a beacon of hope for their futures. Investment in this area is desperately needed.

**£20**  
can provide an  
opportunity to a child  
living in a slum to  
access education

# EDUCATING CHILDREN IN SLUMS

# PROVIDING ESSENTIAL EQUIPMENT TO STUDENTS

Basic school essentials like a school bag, a hygiene kit, and warm clothes has a huge impact on attendance. Some of these essentials are too costly for many families around the world and affects the quality of education that children receive.

**£7**

can provide  
a school bag  
for a student  
in Lebanon

# PROVIDING SCHOOLS WITH ESSENTIAL EQUIPMENT

Providing essential equipment like tables and chairs has a significant effect on student learning. A good schooling environment is needed to create a high performing atmosphere for students and improve their concentration and learning.

**£40**  
can provide a  
school desk  
and chair for  
a student in  
**Myanmar**

# COVERING TEACHER SALARIES

Delivering effective education is built on good teaching delivered by teachers. Covering teacher salaries guarantees that the level and quality of education students receive can be consistently maintained.

**£150**  
will cover  
a teachers'  
salary for a  
month in Syria

# THANK YOU!

With your help we are delivering educational support to children across the globe. This ranges from providing essential equipment, improving existing schools, assistance for children with special needs, and constructing new schools. You are not only supporting children, but you're also transforming their futures.

What's more, as the benefits are long lasting, your donations become a form of Sadaqa Jariyah. Providing a child with an education can impact generations to come, the benefits are endless in this life and the next.
